

What a fabulous term this is! Year 3 and 4 had an amazing time at Brimham Rocks as part of their Science topic. The children behaved brilliantly and had a lovely day learning about how the rocks were formed.

Year 1 and 2 children took part in a space workshop. They participated in a fantastic adventure where the hall was transformed into an intergalactic Starship! The children set off on a voyage of discovery through the Solar system and beyond! They learnt key facts about the Sun, the Moon and their effects on the Earth before venturing into the outer reaches of the Solar system to discover the giant 'Gas planets' and the Kuiper belt.

On Thursday 10th October, we invited all of the children to come to school dressed in green in support of World Mental Health day. We had an outstanding turnout of shades of green and raised a tremendous £211.43 for MIND. Our school council led an assembly to the whole school where they discussed the 5 ways to mental wellbeing. These are Connect, Be Active, Take Notice, Learn and Give. Special thanks to Miss Reynolds and Mrs Slack for organising this event.

The 5 Ways to Wellbeing

O WHAT YOU CAN, INJOY WHAT YOU DO, IOVE YOUR MOOD

We held an IT open morning where we invited parents and carers in for a presentation from Mr Skidmore on the IT provision we have and how we live out our aim of 'Prepare for the future'. It was great to have so many parents/carers attend and to share our vision for our children with them. The future is very exciting. After the presentation, parents and carers were invited into the classrooms to see how children use technology in their lessons.

We had our Harvest Festival at Tockwith Church on the 24th October and it was great to see so many parents and carers at the church, and afterwards at Tockwith Primary for the lunch. Thanks to Tockwith Church for hosting this event.
