CHURCH OF ENGLAND PRIMARY ACADEMY

We are loving being back at school and having our children back with their friends and carrying on with their learning journey. October brought with it the Harvest Festival and our children made some wonderful pictures for the church. Thank you also to everyone who donated food items - the church handed the items over to the food bank after the service.

We are delighted that we have been able to offer an after school club to most of the classes in school. Children from Reception to Year 4 have the opportunity to join a multiskills club, hopefully Year 5 and 6 will get the chance after Christmas. We are aiming to hold them outside if possible, but the hall will be available in bad weather.

We will be holding our parent consultation evenings in November. In the current situation we are unable to hold face to face meetings but we will be sending home student report cards which will then be followed up with zoom calls for any parents that would like them. Any concerns parents have for their children can be raised at any point with the teachers, messaging them via Seesaw or emailing the school office on admin@tp.ebor.academy
